Column One  
by  
David Courtney

In a few hours the Israeli survivors will be down in the city of Jerusalem; and some thousand Christian residents of Beirut will cross the frontier to celebrate the feast of Christmas at the holy places of the Old City and Bethlehem. Thirty-six hours from now, the first plane is planned to land. Then the survivors will go up again for the next 200 days or so. That is the way it has been year after year since the foundation of the State of Israel and that, I suspect, is the way Arab governments wish it to be year after year in the future. It is a way that has nothing in the world to compare it: no logic, no sense, no profit.

NOW and then the prospect of peace between Israel and her neighbors pales during above the horizon, like a vanishing child peering over a fence. Invariably it is pulled back. One such occasion was the rise to power of General Nagib in Egypt. He seemed to be a man who could face reality and acknowledge it. Another such occasion was the U.N. resolution urging direct peace negotiations between Israel and the Arabs. But General Nagib has been pulled back from the fence and the U.N. resolution has been kicked out of court and condemned. Peace is far away and in between are grave risks.

THE Arab League Political Committee met yesterday and will go on meeting for some time; and simultaneously the Arab-Arab block will be meeting in Cairo. The Arab-Arab bloc has not had great success at the General Assembly but it stirred up anxieties and irritations and—on the Western Powers to wondering what they must do to mollify the Arabs and the Asians; and particularly the Arabs. The two groups meeting in Cairo will talk about Tunisia and Morocco and, of course, the "Palestine Question." It is a great pity that the Asians, including India, have been dragged into the "Western Question."

WHAT gives the situation implemental implications just now is the well-founded report that Colonel Shukri, Prince Minister of Syria, when in Cairo recently had conversations with General Nagib which are believed to have led to some agreement between the two on the question of external policy and national aspirations: the agreement is just to reinforce the attitude of the two countries towards Israel. Colonel Shukri it was, my three reports, who prompted the sharp Egyptian and Arab League reaction to the U.N. peace resolution and who persuaded General Nagib to hand a formal note of protest to the British Ambassador against the British stand on R. R. 2 as an odd note. It said that Britain, the United States and France gave the Egyptian Government an undertaking in March 1950 not to support the State of Israel or bring pressure upon the Arabs to negotiate with Israel. No one but the Egyptians seems able to recollect any such undertaking.

IT hardly matters. The point is that the atmosphere is stagnant with old hatreds and the unhappy consequences of the big powers, who are friendly to Israel but so profoundly disturbed in their relations with the Muslim countries of the Middle East and North Africa that they scarcely know what and at whom to smile and what and at whom to frown. The regional situation this Christmas is therefore confused and somber, without a sign of good will or real hope beyond the hours at the Mandelbaum Gate, Jerusalem, December 23.

Quarter of Liberti's Crew Denied U.S. Ship Leaves Charged with Contempt.

NAIROBI, Tuesday (UPI).—The Kenyan Attorney General today instituted contempt of court proceedings against the British lawyer, Mr. D. N. Pratt, chief defense counsel for James Kariuki.

Kariuki's trial on charges of organizing Mao Tse-tung anti-White terrorist activities was adjourned earlier this month following a clash between the Magistrate and Mr. Pratt over the latter's allegations of unfairness in the conduct of the trial.

## ASSOCIATION OF FOREIGN CAPITAL INVESTORS IN ISRAEL

The gathering in honor of the Minister of Finance, Mr. Levi Eshkol, which was to take place on the December 20, 1952, has been postponed and will be held on January 1, 1953, at 8:00 p.m. in the main room of the Commercial Association, 28 Major Ardi, Tel Aviv.

## Motorboats Rescue Champollion Survivors

BEIRUT, Tuesday (Reuters).—All but 28 of the 228 passengers and crew of the French liner Champollion, which went aground off the Lebanese coast early yesterday, were rescued today—most of them by motorboat. Many of the 28 who lost their lives were drowned while trying to swim the 200 metres between the sandbank on which the ship was broken in two and the shore.

A Lebanese fire brigade crew met his death during rescue operations.

The French Ministry of Public Works announced in Paris yesterday that 25 people, including 13 crew, were missing. "Contrary to certain rumors, order did not cease to reign on board," the Ministry said.

The Champollion's master, Captain Henri Bourde, was the last to leave at 4:45 p.m. local time. About 50 people remain ashore early today. Others had reached safety yesterday.

The 8,000-ton British cruiser Kenya which made a 250-mile overnight dash from Port Said to the scene of the wreck on Monday reduced half its complement of 110 sailors, ploughing through heavy surf to remove survivors. The Kenya tried to get alongside the stricken vessel but was unable to do so because the water was too shallow.

The survivors were taken to hospital.

While ships were trying to get near the Champollion, R.A.F. fighters flew overhead trying to drop lines and ropes to the wrecked ship.

As dawn broke with the night's rain giving way to brilliant sunshine, those on shore could see people on board the decks waiting for their rescue. Among them were 24 pilgrims on their way to the Holy Land for Christmas, most of them French.

The names of victims were not available. The Champollion carried 210 passengers and 212 crew. Among the passengers were former Chilean Foreign Minister Germán Riesco and his wife, M. Charles de Callegas, a UNESCO delegate, and an American painter, Mr. Charles Harris Fifield, of the passengers, including Capt. Jean-Jacques, a Gothic Church dignitary, embarked at Alexandria.

**Rescuers' Overturn**

A heavy boat with 12 experienced sailors put out at 8:30 a.m. tows a line towards the ship. Within 50 yards of the stricken ship it overturned, tossing its crew into the water. They returned to shore by their own line.

This failure brought despair to the passengers and at 8 a.m. they started to jump into the water as they saw wreckage from the ship washed ashore about a mile away. About 70 of them, their faces black with oil, let themselves drift with the current.

The survivors gathered together and managed to make a raft and rowed across to the stricken vessel.

Rescuers' efforts to dislodge the passengers and return to the ship were successful and at 10:30 a.m. all 212 were ashore.

Spurred by Nagib's success, another group of 200 survivors, managed to take the ship and rowed across to the stricken vessel.

The survivors gathered together and managed to make a raft and rowed across to the stricken vessel.

The operation was repeated successfully a second time, bringing 12 more people, but on the third trip the dangerous sea forced the rescuers to turn back, leaving a third load of 12. The boat's load dropped to 10. The boat's load dropped to 10 and the current pushed it 10 metres.

To the horror of the crew on the ship and the mortals ashore, 12 more survivors made daring dashes to rescue 12 more. The boat's load dropped to 10 and the current pushed it 10 metres.

Mr. Pratt said that the boat's load dropped to 10 and the current pushed it 10 metres.

## Dryness Withers 10,000 Sown Dunes

TEL AVIV, Tuesday.—The thousand duners of winter crops in the vicinity of Maresha south of Gedera, have dried up due to the lack of rain and will have to be re-sown. It was learned from the Ministry of Agriculture today.

The situation in Galilee and the Shephelah is viewed with apprehension as the strong dry winds there during the past week had effect the good effect of the rains two days ago. Much harm has also been done to fruit trees in the vicinity of Tel Aviv.

In the Negev area, the position between Mt. Arbel and Migdal Askerin has had enough rain so far past year, but the Negev winter crops have not yet been sown in consequence of low rains.

Another adverse effect of the dry spell is the drying up of the reservoirs in the Kibbutzim which have suffered great loss, last month, Mt. Arbel damage was estimated at 100,000 cubic meters, while Mt. Carmel damage was 100,000 cubic meters.

**NEW PRICES** for citrus fruits have come into effect on January 1. Details of it were set out at a meeting of the heads of the various districts of the Ministry of Finance and the Citrus Marketing Board.

A COUNTRY Restaurant Group, of which Mr. David Shiffman is the president, has been formed by a number of local restaurateurs. It will be headed by Mr. David Shiffman, who is the managing director of the group. The restaurant group consists of 111 members, and the committee for 1111 is to consist of persons already known to the public.

**TWO CITRUS BY-PRODUCTS** Plants Start Work

REHOVOT, Tuesday.—Two citrus by-product factories started work today, but work at the others throughout the country has been held up because of differences of opinion between the factory owners and the Citrus Marketing Board. The factories which began work today—Taklit near Petah Tikva and of Tzurim here—began with one shift a day, but are expected to go over to a three-shift basis shortly.

The Board has demanded payment in cash for 50 percent of the crop, while it is believed to be paid in kind. In the event of a strike, the Citrus Marketing Board agreed to pay 50 percent of the crop, but, as yet, the amount to be paid in kind of percent already known to the public.

**2,500 Christians In Capital for Christmas**

Most of the 2,500 Christians Arabs who are to cross the Sea of Galilee to Bethlehem Gate at 7 o'clock this morning for Christmas arrived in Jerusalem yesterday. The General Building, which houses the offices of the District Representatives, was soon crowded with pilgrims who had come for their border-crossing permits.

The officials were apparently false, by surprise and after much confusion the police were called to help keep order. Special offices were set up and by evening the bulk of the pilgrims had been entered for.

Health, passport, and police offices have been set up at the former Headquarters of the Israel-Jordan MAC at Mandelbaum Gate. Each permit will receive one Jordanian dinar for his personal expenses. The gate will remain open until Thursday night to permit the smooth return of the pilgrims.

The Diplomatic Corps will assemble at the King David Hotel tonight where they will form a convoy by the direct road to Bethlehem and drive across the border near Bet Safafa. For the first time diplomats resident in Tel Aviv will be permitted to go.

**Hesdron Anniversary Observed in Jerusalem**

Members of the Jerusalem labor movement, youth delegations and leaders of Hesdron in the Capital, last night paid the Salomon Cinema to celebrate the 20th Anniversary of the Hesdron with song and pageant. President Ben-Zvi sent a message of congratulations and fraternal greetings to "the workers of Jerusalem," with whom he has long been associated.

Mr. Aharon Shavit, secretary of the Hesdron, has been honored in the Hesdron's ability to hold its own against the right-wing coalition. Considering this remark, Mr. Shavit said: "Hesdron, which is the Hesdron, would orient within the coalition, and not from outside. Mr. Menachem M. Begin, representative of the right wing, came here yesterday to meet the main bodies in the coalition.

**CITRUS JOBLESS DEMONSTRATE**

NAHARIYA, Tuesday.—Workers who are unemployed because they refuse to be paid piece work picking citrus fruit because of demonstrations here yesterday and today. It is believed that the men had been invited by outside bodies.

The office of the local Chamber of Commerce, which was closed for several days for fear of disturbances, was reopened today.

**Jailed Infiltrators Wanted Back Here**

ACRE, Tuesday.—Three infiltrators from Transjordan, two Arab and one American, were sentenced from eight months to a year in prison by the Military Court here today. Two of them argued that unemployment was so bad on the other side of the border that infiltration had seemed the only way out.

**Taxi Drivers Form Stop T.A. Traffic**

TEL AVIV, Tuesday—Taxi drivers blocked the traffic in the main streets of Tel Aviv today, in protest against the municipality collecting tolls without consulting the Taxicab Owners' Union.

Seventeen drivers were arrested in Nahariya this morning when a crowd of taxi drivers operated a municipal sign indicating a cab rank and prevented passengers from entering vehicles manned by drivers who had been assigned to the stand. The protest was later released on bail.

## Personal Notice

The anniversary of the marriage was the name of

**MARGARETE GUTTMANN**

(widow of the late Dr. Sam Guttmann) will take place on Friday, Dec. 24, 1953. Friends are kindly invited to gather at the home of Prof. Dr. M. Guttmann, 12, Haifa Street, Jerusalem, at 11 A.M. Guests are requested to bring

## BUS VANISHED BY MISTAKE

TEL AVIV, Tuesday.—The thousand duners of winter crops in the vicinity of Maresha south of Gedera, have dried up due to the lack of rain and will have to be re-sown. It was learned from the Ministry of Agriculture today.

The situation in Galilee and the Shephelah is viewed with apprehension as the strong dry winds there during the past week had effect the good effect of the rains two days ago. Much harm has also been done to fruit trees in the vicinity of Tel Aviv.

In the Negev area, the position

## G.Z. Boycotts Film Budget Discussion

By AVIYAH SHAPIRO, POST Reporter  
TEL AVIV, Tuesday.—Knesset members of the Histadrut and other Labor parties have announced their opposition to the General Election, the expression of the opinion that the election should be delayed until the Labor government had been held.

Major Y. Katzir (Givatayim), pointing out that the Defense Committee had submitted the budget to the Knesset, he noted that by agreement, it should be held constant if the Government failed to be elected. At that point, the budget would be submitted to the Defense Committee without the Government's approval.

The Histadrut appears to be the Labor party that the Defense Committee, the Kibbutzim, which have not been able to reach an agreement on the budget, he noted, by agreement, it should be held constant if the Government failed to be elected. At that point, the budget would be submitted to the Defense Committee without the Government's approval.

The General Election refused to participate in the meeting because they felt that the question of the dissolution of Municipal councils should first be settled. The party's action against the dissolution of Municipal councils gave rise to speculation that the General Election would be brought up. Representatives of all factions, however, insisted yesterday that the election was still forthcoming and would continue to do so.

The proposed budget provides for expenditures totalling IL 6,600,000 plus IL 300,000 in oil debts. Estimated income is put at IL 3,800,000. The estimated deficit to late April was set at IL 2,800,000.

The meeting, which was adjourned for a week, after the dissolution of the Kibbutzim, was reconvened yesterday. According to the Kibbutzim, the date of the election is now fixed for December 1st.

**VALERO HOUSE BOUGHT FOR PRESIDENT**

The Government has bought the two-story Valero House in Rehov Al-Masjid in Jerusalem for the President's residence.

The house, formerly owned by Mrs. Esther Valero, is to be vacated within a few weeks.

It is near President Ben-Gurion's present apartment and opposite Dr. Day Joseph's home.

One door is to be used as a entrance and living quarters in addition to a guest room were added to the rear of the house. All the rooms will be let from the site of the old building, the new building will be used for the President's library, and the old building will be used for his personal office.

The new house is to be completed in about two years, and the old building will be used for the President's library.

**ISRAEL LOSES 80 DUNAMS TO JORDAN**

Eighty dunams of land and a house were detached from Israel on Monday and handed over to Jordan by a Mixed Armistice Commission team, "Ar-Difa," the Old City daily claims.

This was done after a joint surveying team visited Kaita village in the Little Triangle near Tulkarm and compared the present demarcation marks, put up by Israel last April, with the Rhodes map.

Residents of the area, who were given a choice, to stay in Israel or Jordan, elected the latter. Their identity cards were taken and they became "Jordanians" at 2 o'clock yesterday afternoon. They were given three days to wind up their affairs in Israel. Their currency, about IL 200, was exchanged for Jordan dinars.

Jordan refused to accept an alternative plot in the vicinity saying that the house stands on a strategic hill and has the only well in the area.

## GIFT for the New Year

The 250 page illustrated book will be given FREE to New Year's subscribers holding a subscription NOW for ONE YEAR. Readers subscribing for 2 months' time receive the book at the reduced price of IL 1.50, and for 3 months at IL 2.50.

Current subscribers may also benefit by extending their subscription for a further period.

## Knesset Delays

By GEORGE LICHTEIN, POST Correspondent  
LONDON, Tuesday.—No precise date has been fixed for Mr. Eden's visit to Greece and Turkey, but April seems the earliest time. March 10 is due here in March and Mr. Churchill's visit to Washington cannot take place before

## UK-US Policy for Mediterranean Area May Be Ready by April

By GEORGE LICHTEIN, POST Correspondent

LONDON, Tuesday.—No precise date has been fixed for Mr. Eden's visit to Greece and Turkey, but April seems the earliest time. March 10 is due here in March and Mr. Churchill's visit to Washington cannot take place before

## U.S. Commits Itself To Supporting Israel

WALLA WALLA, Washington, Tuesday (UPI).—Friends here believe a great會議 is in store in moving 12 tons of dirt, a handful of coal or a dash of oil through which an armada of ships escaped from Washington State prison yesterday.

England, giving the dimensions of the hole at 12 miles, said the men removed about 20,000 cubic feet of dirt for the job. It would have taken one man two years to scratch out the tunnel with crude tools if he worked steadily.

Prison officials thought that at least four men helped, working only a few hours a day. Each culprit had had to be mixed with ashes to avoid detection.

**Fascist Pelt Chaplin**

ROMA, Tuesday (UPI).—Charlie Chaplin left here for France today.

When Mr. Chaplin entered the cinema last night for the gala Italian premiere of his film "Limelight," which was attended by President and Cabinet members, four young men, shouting "Dirty Jew," pelted him with eggs and oranges. Police quickly seized them and said they were members of the neo-Fascist Italian Social Movement.

## Cables in Brief
